

TRANSCEND™

CASEGOODS

## The perfect integration of business and beauty.

With Transcend casegoods, function becomes beautiful, efficient becomes elegant, and possibility becomes reality. Warm, richly grained woods and sophisticated transitional details provide exactly what's needed to depict company culture, brand and personality. Storage components and seamless power/data management – specially designed for legal, financial and other professional service firms – optimize workspaces, storage, technology and performance. And, integration with other innovative Kimball Office furnishings means you can create visually coherent, productive offices throughout the workplace without compromising your ideas or your budget.

finish: Vienna Cherry  
edge: Ridge  
pulls: Camber, Matte Black  
seating: Skye, Davenport Black

## Communicate community.

From reception areas to manager workstations to executive suites, Transcend's versatile aesthetics free you to design environments that connect with clients and accommodate different job functions, work styles and personal preferences.

finish: Amber Cherry

edge: Groove

pulls: Sweep, Matte Black

panels: Cetra

seating: Wish, Davenport Chamois

Skye, Davenport Camel

Beo, Legato Buttercream

## Contain and maintain.

A large selection of bookcases, overhead and multi-use storage cabinets, lateral files, mobile peds and worksurface organizers help you make spaces more workable and people more productive.

## Close at hand, top of mind.

Transcend gives you specially designed storage at hand, including project trays, corner shelves, cubbies and low-back organizers, for keeping active projects in sight and every day items within easy reach.

finish: Autumn Cherry  
edge: Groove  
pulls: Camber, Satin Nickel  
seating: Wish, Echo Crystal

Traxx turns utility  
into creativity.

Create functional space almost anywhere, maximize corners, use the walls and achieve custom looks. Traxx lets you design offices that suit any style, satisfy any need and get more out of any place.

## Make the walls work harder.

Traxx attaches to walls, and worksurfaces, storage and functional tiles attach anywhere along Traxx.

This off-modular freedom preserves access to building outlets and eliminates the need for modesty panels.

finish: American Walnut  
edge: Ridge  
pulls: Bridge, Satin Nickel  
seating: Wish, Showcase Cream  
Traxx: Antique White  
tiles: Momentum Tracery Egret

Better workspaces inspire better performance.

Transcend lets you help people work more comfortably and efficiently. Extended desks smooth work flow, while flexible storage elements provide room for the every day and the every once in a while.

## Hidden strength.

Lateral files feature a reinforced bottom for storing Redweld® files, spreadsheets, project binders and other weighty matters.

## Doing double duty.

A sliding shelf in undersurface storage units holds printers, peripherals and other gadgets so they're not taking up valuable desktop real estate.

## Newfound space.

Optional shelves in the kneewell let you reclaim worksurface space for work.

finish: Ginger Cherry  
edge: Ridge  
pulls: Sway, Satin Nickel  
seating: Wish, Showcase Cream

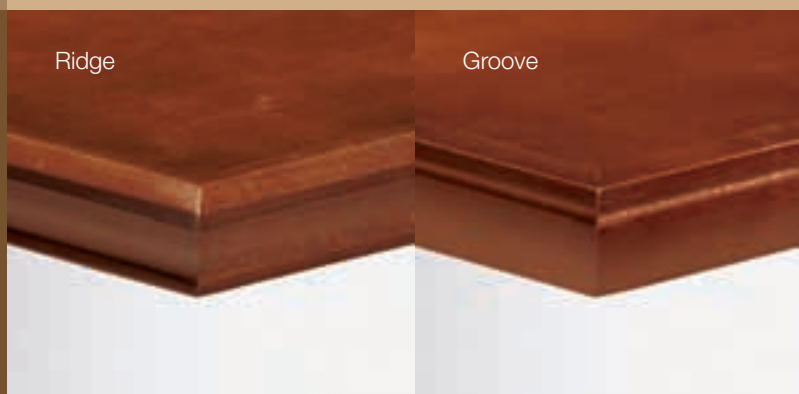

## Tradition redefined.

Transcend updates the classic form with a molded plinth and overhanging worksurface. Beautiful Cherry and Walnut veneers, a rich array of lustrous finish choices, transitional detail elements and finish expertise that brings out wood's natural character, result in a pleasing blend of classic and contemporary.

## Refined detailing.

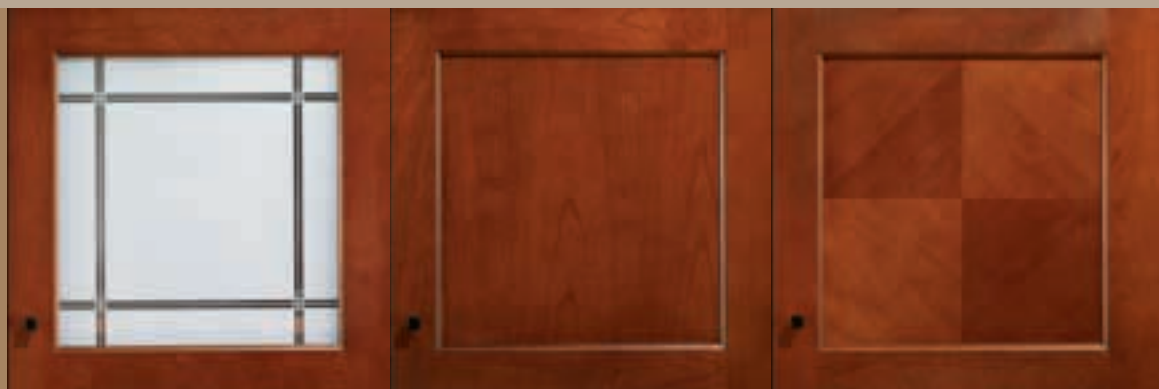

Solid wood edge profiles, in your choice of Ridge or Groove, contribute to Transcend's clean lines and graceful contours.

## Freedom of choice.

Four unique pull styles – Camber, Sway, Sweep and Bridge – in two distinctive colors – Satin Nickel and Matte Black – satisfy personal preferences without sacrificing aesthetic unity.

## Fresh faces.

A choice of wood doors in plain-sliced or diamond-matched veneer or frosted glass etched with a crisscross pattern multiplies your creative possibilities.

## Easy access.

Hinged modesty panels – standard on all bridges and returns – keep wall outlets readily available, letting you plug in without moving furniture.

## Efficient routing.

Desks have approach-side pedestal doors that open, which makes setting up, adding and moving computers and other electronics fast and convenient.

## Quick connections.

Flip-up power/data modules integrated into the worksurface keep digital devices charged up and nearby.

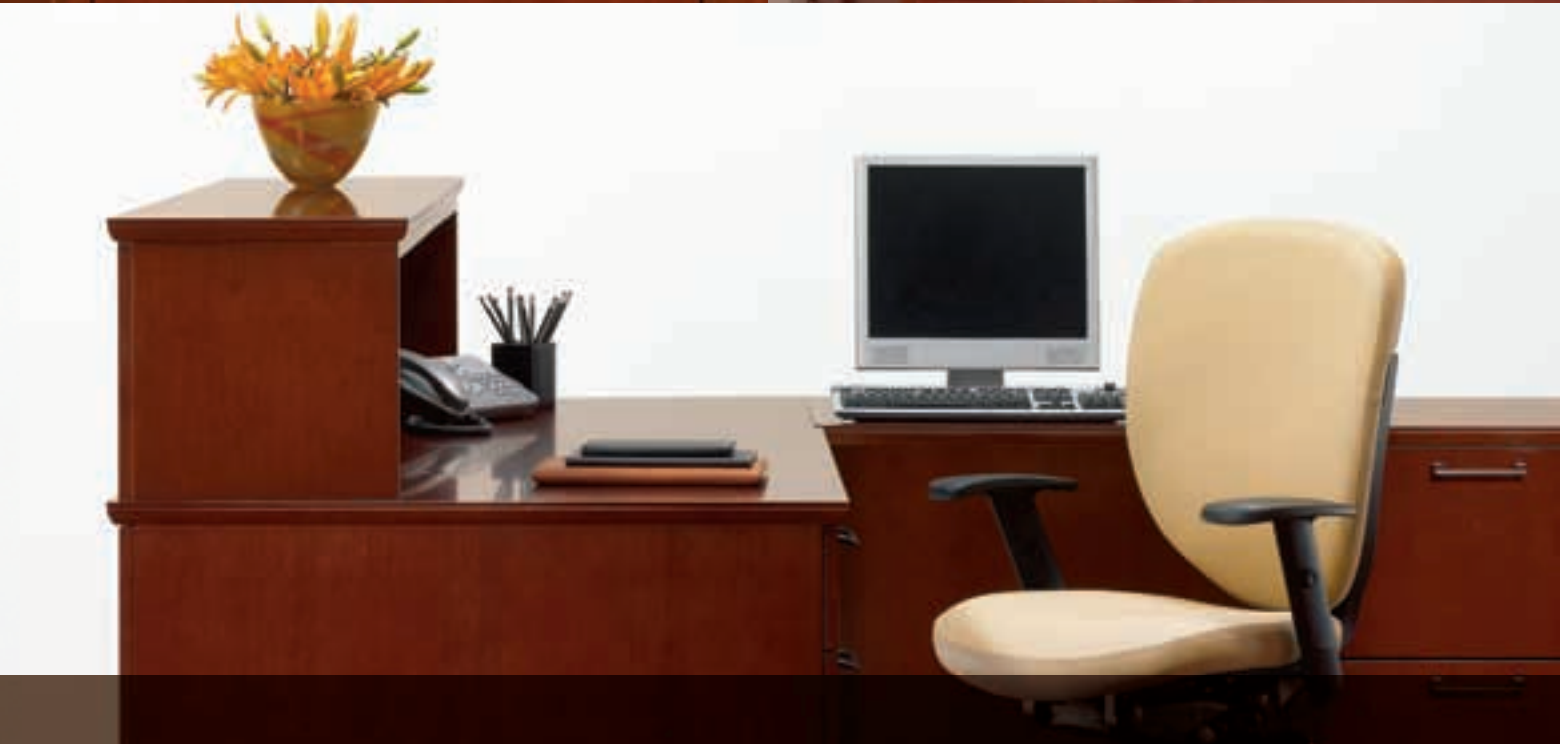

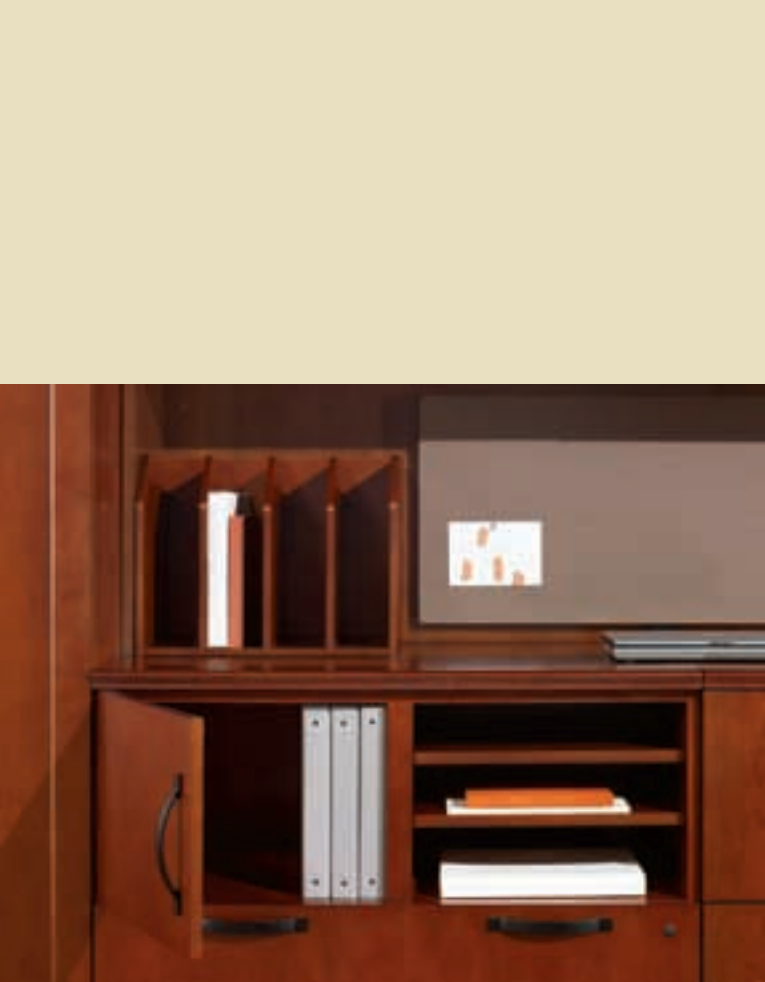

# Put technology at their fingertips.

With its integrated power and data management solutions, Transcend places technology access exactly where you need it – everywhere. Power/data centers provide instant connectivity at the worksurface. Hinged pedestal doors and modesty panels help you manage wires without crawling around on the floor. And unique storage components multi-task as secure places for laptops, printers and other digital necessities.

- 1 Hinged access door, approach side of desks
- 2 Optional power/data module
- 3 Worksurface grommet

- 4 Optional undersurface wire manager
- 5 Flip-up power/data module
- 6 Hinged modesty panel

Design without limits.

Transcend gives you options for furnishing every level of the organization. Seamless integration with other Kimball Office products further expands your creative freedom and flexibility.

**e-magine** it with Transcend. To help you plan, specify and visualize your new offices, ask your Kimball Office representative to bring it to life with our e-magine software. You can review finishes, floorplans and more.

**CAD Details** from Kimball Office makes design easy. Just go to our website, and you'll find furniture symbols that can simply be dragged and dropped into your CAD-based program. Inspiration, in the form of floorplans, renderings and product photos is also available.

**Sustainability** is important to us. Kimball Office and our parent company Kimball International have a long-standing commitment to sustainable practices in all of our operational, design and manufacturing procedures. This commitment is reflected in a wide range of management decisions, from using scrap lumber and sawdust to heat our buildings, to making wise material choices, building durable products that can be reconfigured and upgraded, and working with voluntary organizations such as the Green Building Council, which is dedicated to education and promotion of sustainable building practices. At Kimball Office sustainable practices not only make good sense, they make good business.
